Artificial Intelligence

- We are piloting Artificial Intelligence through our Land Records Management Software Vendor for both vital and land Records recording:
 - We launched “Courtney” on March 31, 2025
 - Purpose is to assist our office with indexing both vital and land records by pre-indexing both vital and land records upon recording
 - It does not replace any of the 5 steps of our quality assurance process, but it is supposed to help make it faster, especially if we are short staffed
 - Courtney is normally very efficient and accurate with indexing vital records. Vital record recordings are a huge, important part of our daily duties and with Courtney’s assistance, it frees us up to work on our other daily tasks.
 - She isn’t always accurate in indexing real estate.
 - Land records indexing is not always black and white.
 - She indexes incorrect names or does not indicate the capacity the person/entity is in (trustee, estate..etc..)
 - Names are left out or are put in incorrectly, at times she adds names that are no where listed in our documents.
 - These errors slow down our indexing process, where Courtney has been designed to do just the opposite.
 - We know that Courtney is in her early stages and will only get better as she learns and grows. We look forward to seeing what the future holds for her in our office.

Phone Networking Reporting

- We are providing more and more technical assistance to the public concerning vital and land records:
 - We started tracking our phone calls into the office and the amount of time we spend on those calls in February 2025.
 - On average, we receive almost 250 calls per month:
 - Deputy Register of Deeds spend on average at least 20 minutes per call with our customers.
 - Assistant Register of Deeds spend on average 1 hour 20 minutes per call with our customers due to the more complex nature of those calls.
 - This report **does not** take into account any outgoing calls we make to the public.

This may not seem like a lot, but once you factor in the time spend at the counter and the time spent processing documents, I think you can “see” how busy we are.

Passport Acceptance Facility

- We became a Passport Acceptance Facility in February 2023:
- Passports have rapidly increased from FY 2022-2023
 - We have an increase of 60.32% in processed application over FY 23-24 in FY 24-25.
 - The same is true for Passport Photos. We had a 60.22% increase over FY 23-24 in FY 24-25.

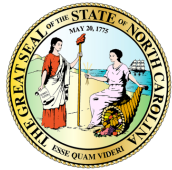

Passport Inspection

We only had 1.1% “In Real Life” in errors

- On 05-27-2025 we had our annual passport inspection:
- Inspector reviewed all our procedures to ensure proper protocol is being followed for the processing of passport applications.
- Statistics from the US Department of State read as follows:
 - Year 2023 - 293 passports successfully processed
 - Year 2024 - 625 passports successfully processed
 - Year 2025 - 1002 passports successfully processed

Document Fraud It is the deliberate act of falsifying information on transactions such as deeds, mortgages, or appraisals for personal gain or to damage another individual 	Would You Know It If You Saw It? There are numerous types and scenarios of deed fraud and they are only limited by the creativity, abilities, and tactics of the fraudsters  
Types of Fraud Foreclosure Rescue – Prey on those already behind on their mortgage payment(s) and proceedings have started for foreclosure – Enacts a “temporary” title transfer to the rescue company – Supposed to lease back the property to the original owners, but instead they sell it out from under them Forging Homeowner’s Name on a Quit Claim Deed or another Deed to a home. – The deed is acknowledged and signed by a notary public (can be legitimate based on false identification or illegitimate). – It is then recorded, which transfers the property to the scammer without the knowledge of the true homeowner. – Often, they will take out a mortgage loan on the home and use the proceeds for their own use. – No payments are made, and the home eventually gets foreclosed on.	
Types of Fraud Deed is signed under a power of attorney and recorded. – The person with the alleged power of attorney will sign a deed on behalf of the grantor. – The homeowner never actually signed a power of attorney giving authorization to act on their behalf and is not aware of the execution of a new deed. A forged document is filed which steals a security interest from the true owner of the property. – Additional documents are filed evidencing a fake foreclosure, then a fake foreclosure sale, and finally a fake purchase by a fake buyer. – The fake buyer ends up appearing to have title by virtue of the foreclosure sale.	
Legislation Several Bills have been introduced in the House and the Senate this session to increase penalties for recording fraudulent documents, to make it easier to navigate the court system for a court order, and to make it faster to remove a fraudulent document from our permanent records.  	Register of Deeds Office • Per General Statutes, the Register of Deeds office is not responsible for verifying the validity, authenticity or legitimacy of the document that is recorded: • The Register of Deeds office is not responsible for detecting a fraudulent document, as we do not look beyond the document itself • We look at the recording requirements only and if they meet those requirements, we record it • We cannot refuse to record any document presented unless it does not meet recording standards • We have a Fraud Notification Alert System in place for quick response

In Burke County, there is a pressing issue regarding foster care. The current number of children in need of foster homes greatly surpasses the available licensed homes. This imbalance highlights the urgent need for more foster parents to step in and provide stable environments for these vulnerable children, ensuring they receive the care and support necessary for their development.

Where we are now....				
› Public Foster Care Recruitment and Licensing › Public DSS foster care offers direct state oversight but limited resources. › Families are licensed directly through their local Department of Social Services (DSS), which operates under the NC Division of Social Services. › All foster parents must complete the state-mandated TIPS-MAPP training (30 hours) regardless of whether they go through DSS or a private agency. › DSS manages placements for children in state custody and typically prioritizes reunification with birth families. › DSS provides case management, but resources can be limited due to high caseloads and budget constraints. › No agency fees for families; DSS handles licensing and support directly. › Few staff dedicated to supporting foster families and to recruit and train. › Competes with the private sector who pays higher foster parent payment rates.				
Foster Care Benefits				
› Private Foster Care Recruitment and Licensing › Private agencies provide more flexibility, specialized care, and support. › They have more staff who are readily available to help with recruitment, training, and licensing › Private agencies are approved by the state to license foster families and often specialize and provide additional “enhanced” services and wrap around supports that counties typically do not offer (e.g., therapeutic services for behavioral or mental health needs). › Agencies often provide additional training beyond TIPS-MAPP, plus more individualized support, respite care, and sometimes higher stipends for specialized placements (e.g., they pay families more than counties do which often causes counties to lose foster parents to private agencies due to increased payment rate and more supportive services). › Can often bill Medicaid to avoid a county from paying county dollars where the county supplements payment versus being the primary payor, › Private agencies can tailor services to specific populations (e.g., teens, sibling groups). › Typically have more flexibility and capacity for recruitment, training, and ongoing family support compared to DSS.				

Benefits of a Single-Source Foster Care Partner •Streamlined communication and coordination for current and future foster parents through one unified provider. •Consistent training, licensing, and support practices countywide. •Eliminates competition with higher-paying private-sector agencies, supporting stronger local recruitment. •Simplifies implementation and oversight, with one partner managing recruitment, training, and support across county lines. •Centralized events, webinars, and statewide resources are easier to deliver through a single agency. •Enhanced wraparound supports that counties alone often lack the capacity or funding to provide. Commissioner Barrier expressed appreciation for staff's willingness to explore new approaches to foster care, noting that the number of children experiencing foster care has consistently ranged between 170 and 200 in recent years. He acknowledged the trauma foster care can present for both children and parents and commended the County Manager, staff, and Social Services for thinking beyond traditional methods to better support families. Commissioner Stroud added that it is important for the community to understand the County's strong commitment to foster children and emphasized the need for broader community involvement, particularly from local churches. He encouraged collective action, noting that while not everyone can serve as a foster parent, individuals and churches can provide meaningful support in various ways. There being no further discussion, Chairman Brittain called for a motion.

SCHEDULED PUBLIC HEARINGS – NONE

INFORMAL PUBLIC COMMENTS

Chairman Brittain opened the floor for informal public comments.

John Hoyle, 5050 Albert William Road, Connely Springs, addressed the Board regarding concerns about operations and logistics at the Icard convenience site. He described an interaction with a site employee that he perceived as disrespectful and stated that he subsequently attempted to contact the County Manager and the Clerk to discuss the matter, but did not receive return calls. Mr. Hoyle emphasized that his comments were not intended as a personal attack but expressed concern about communication and responsiveness. He also raised safety and design concerns regarding the layout of the Icard convenience site, describing it as congested and inefficient, and noting that its configuration creates traffic flow challenges and potential conflicts among patrons. Mr. Hoyle concluded by reiterating his respect for the Board and expressing that the matter could have been resolved privately with improved communication. (Note: After an exhaustive internal search of telephone and voicemail records, no evidence of Mr. Hoyle's alleged call to the Clerk's office was found.)

Doreen Erb, Morganton resident, addressed the Board to advocate for stronger animal welfare protection in Burke County. She shared concerns about ongoing issues such as animal abandonment, neglect, lack of identification, and unspayed or unneutered pets, citing recent local examples involving stray and pregnant dogs that required rescue assistance. Ms. Erb noted the financial and resource strain placed on shelters, rescues, and volunteers who provide care and medical treatment for abandoned animals. She encouraged the Board to consider stricter animal welfare laws with prompt enforcement and a zero-tolerance approach. Her recommendations included criminal penalties for abuse and neglect; requirements for adequate food, water, shelter, medical care, vaccinations, and identification tags; measures to prevent animals from roaming unsupervised; penalties for abandonment; mandatory spay/neuter requirements; and providing adopters with clear information about applicable animal regulations.

There being no one else present to address the Board, Chairman Brittain closed this portion of the meeting.

10 If an animal shelter transfers possession of an animal under this subsection, at least one
11 photograph depicting the head and face of the animal shall be displayed at the animal ~~services~~
12 ~~resource~~ center in a conspicuous location that is available to the general public during hours of
13 operation, and that photograph shall remain posted until the animal is disposed of.

14 **Sec. 6-73. Reclamation by owner.**

15 (a) The owner of an animal impounded under this article may reclaim the animal and regain
16 possession thereof within 72 hours from the time notification of impoundment is given by
17 complying with all applicable provisions of this chapter and paying any necessary
18 veterinary fees, boarding, and other applicable fees set and approved by the county board of
19 commissioners.

20 (b) No owner, family member, friend or associate may be permitted to adopt his own animal
21 under the provisions of this article in order to reclaim an animal that has been impounded
22 pursuant to state law or this article in order to avoid paying the applicable fees associated.

23 (c) The owner of any animal that is turned over to the animal services department will be able
24 to retrieve the animal after the release form has been signed. The owner will be responsible
25 for paying the \$25.00 handling fee the day that said animal was turned in.

26 (d) The board of commissioners of the county has adopted a fee schedule for this chapter,
27 which is incorporated herein by reference and is kept for public inspection in the office of
28 the clerk to the board and the county animal shelter and/or the animal resource center. The
29 board of commissioners has the authority to change the fee schedule from time to time, as
30 permitted by N.C.G.S. § 153A-102. Animal owners desiring to keep their animals in an
31 unaltered state may be required to pay differential fees pursuant to the fee schedule
32 specified in subsection (a) above. ~~Any animal found off the owner's property, at large, will~~
33 ~~be issued a warning by Burke County Animal Services. Following this warning, the owner~~
34 ~~of a non-spayed or unneutered dog or cat shall be subject to an unaltered impounded animal~~
35 ~~fine in addition to any other fees or fines imposed by this title or state law. All subsequent~~
36 ~~violations will result in an additional, graduated unaltered animal fine. The unaltered~~
37 ~~impounded animal fines shall be set by the board of commissioners. For this section,~~
38 ~~"impounded" shall mean any animal that is impounded in violation of section 6-10.~~

1 **Sec. 6-74. Adoption or euthanization of unclaimed animals.**

2 (a) If an impounded animal is not redeemed by the owner within the period described in this
3 article, it shall become the property of the county and may be:

5 county's animal services department for domesticated animals only, thus excluding
6 wild animals;

7 (2) Offered for adoption to individuals who have paid the current adoption fees; or

8 (3) Transferred to an approved foster. If the animal ~~services~~-~~resource~~ center places an
9 animal in foster care, the animal ~~services~~-~~resource~~ center may, in writing, appoint the
10 person or organization possessing the animal to be an agent of the center. After the
11 expiration of the minimum holding period, the department may (i) direct the agent
12 possessing the animal to return it to the center, (ii) allow the agent to adopt the animal
13 consistent with the department's adoption policies, or (iii) extend the period of time
14 that the agent holds the animal on behalf of the department. The animal services
15 department may terminate an agency created under this subsection at any time by
16 directing the agent to deliver the animal to the center. The animal services department,
17 as principal in the agency relationship, shall not be liable to reimburse the agent for the
18 costs of care of the animal and shall not be liable to the owner of the animal for harm
19 to the animal caused by the agent, absent a written contract providing otherwise.

20 (4) Euthanized in a humane manner after the five-day impoundment period, space
21 permitting and barring extenuating circumstances pursuant to G.S. 19A-32.1(b)(2).

22 (b) No animal which has been impounded by reason of its being a stray, unclaimed by its
23 owner, shall be allowed to be adopted from the animal ~~services~~-~~resource~~ center during a
24 period of emergency rabies quarantine invoked pursuant to article II of this chapter, except
25 by special authorization of the county health director.

26 (c) *Adoption contract.* Any eligible individual adopting a dog or cat from the animal ~~services~~
27 ~~resource~~ center shall be required to sign an adoption contract with the animal services ~~center~~
28 ~~department~~ which states that the applicant accepts all ownership responsibilities and
29 liabilities associated with the adoption. Spay and neuter will be mandatory for all animals
30 adopted from the animal ~~services~~-~~resource~~ center.

31 Any eligible rescue or approved foster accepting an animal from the animal ~~services~~
32 ~~resource~~ center shall complete the required transfer contract.

33 (d) *Exceptions from adoption policy.*

34 (1) Animal services may refuse adoption of animal to a person less than 18 years of age.

35 (2) Persons who have previously been cited under this chapter.

36 (3) Person or household that has adopted three animals in a calendar year.

37 (4) Animals that exhibit non-person aggressive behavior will be deemed adoptable with

Ord. No. 2025-13

- 1 (e) Animals that exhibit fierce, dangerous, or person-aggressive behavior shall not be offered
2 for adoption.
- 3 (f) Any animal officially surrendered by the owner to animal services may be placed for
4 adoption as authorized in this section. No animal will be euthanized prior to the state
5 mandated three-day impoundment period or the county's five-day impoundment period if

7 as deemed by the animal services director pursuant to G.S. 19A-32.1(b)(2).
- 8 (g) Any animal impounded that is gravely injured or seriously ill and has no identification can
9 be euthanized in a humane manner pursuant to G.S. 19A-32.1(b)(2). If the animal has
10 identification, an animal services employee shall attempt to notify the owner before
11 euthanizing; but if the owner cannot be reached readily and the animal is enduring
12 prolonged, unnecessary suffering, the animal services enforcement officer certified to
13 euthanize or the animal services employee certified to euthanize may euthanize the animal
14 in a humane manner.
- 15 . . .

16 Sec. 6-77. Rescue requirements.

17 Approved rescue groups can pull animals from the county animal ~~services~~-resource center.
18 Pursuant to G.S. 130A-192(a), all animals are required to be held for an initial impoundment
19 period of 72 hours. However, in the event that an animal is surrendered to county animal
20 services, the animal may be released immediately. Following the initial impoundment period,
21 animals will be held in the animal ~~services~~-resource center and made available for rescue by an
22 approved rescue group or adoption by the general public as long as the health and temperament
23 of the animal determines that it is suitable for rescue or adoption. This determination will be
24 made by the animal services director and the decision will be final.

- 25 (1) Following the transfer of an animal to an approved rescue group, county animal
26 services will require that the animal be provided with the appropriate care that
27 includes, but is not limited to, spay/neuter, updated vaccinations, and health
28 reconditioning (if needed), etc.
- 29 (2) Random audits will be performed by the animal advisory board to ensure proper care
30 and recordkeeping of all approved rescue groups. During each audit, two approved
31 rescues will be selected for audit review and required to provide all documentation to
32 evaluate the health and welfare of the animals as determined by the animal advisory
33 board.

34 If the audit shows an approved rescue group is not in compliance two times in two
35 consecutive audits due to missing or incorrect documentation or refusal or failure to
36 provide documentation, a warning will be issued, and the rescue given ten working
37 days to produce additional documentation. If the rescue fails to produce requested
38 documents or additional information to refute the audit, the animal services director
39 may suspend the rescue's permission to pull animals from the animal ~~services~~-resource
40 center. Time of suspension will be no less than six months. Re-evaluation of the rescue
41 will be conducted by the animal services director. A second violation will warrant a
42 12-month suspension, and any additional violations will mean permanent revocation.

Ord. No. 2025-13

- 1 (3) *Suspended rescue appeals process for reinstatement.* A rescue group may appeal this
 2 decision to the board of commissioners by written notice delivered to the clerk to the
 3 board within three business days after receipt of the director's decision.
- 4 (4) To be an approved rescue group, a rescue must meet the definition of the same in
 5 Section 6-1 of this ordinance. The group must also submit the county animal services
 6 department's rescue application, along with three letters of reference, one of which
 7 must be submitted by a state licensed veterinarian with preference given to rescues that
 8 can also provide references from other North Carolina-based animal shelters. County
 9 animal services will notify the applicant group of its decision to approve or deny the
 10 application. If the application is denied, county animal services will state any
 11 deficiencies that resulted in the decision to deny approval of the application. Rescues
 12 must obtain and maintain nonprofit, tax-exempt status as a 501(c)(3).
- 13 ~~(5) In order to be considered for approval as an approved rescue group by county animal~~
 14 ~~services, groups must submit the county animal services' rescue application, along with~~
 15 ~~three letters of reference, one of which must be submitted by a state licensed~~
 16 ~~veterinarian with preference given to rescues that can also provide references from~~
 17 ~~other North Carolina-based animal shelters. County animal services will notify the~~
 18 ~~applicant group of its decision to approve or deny the application. If the application is~~
 19 ~~denied, county animal services will state any deficiencies that resulted in the decision~~
 20 ~~to deny approval of the application.~~
- 21 ~~(5)~~ All adoptable animals are available on a first-come, first-serve basis. Priority will be
 22 given to adoptions by individuals over transfer to approved rescue groups or foster.
- 23 ~~(6)~~ To ensure that all information is recorded accurately and efficiently, county animal
 24 services will require that all interaction with approved rescue groups must be
 25 completed via email at animalservices@burkenc.org. All phone calls and in-person
 26 contact will be referred to the email address.
- 27 ...

28 **Sec. 6-114. Animals creating a nuisance.**

- 29 (a) The following acts or actions by an owner or possessor of an animal are hereby declared to
 30 be unlawful:
- 31 (1) It shall be unlawful for any dog owner to keep a dog that habitually or repeatedly barks
 32 in such a manner or to such an extent that it is a public nuisance. The term "habitually
 33 or repeatedly" is defined as three or more times per minute for no less than a 15-minute
 34 period.
- 35 (2) Maintaining animals in an unsanitary environment resulting in offensive odors or
 36 danger to the animal or to the public health, safety, or welfare, or failing to maintain a
 37 condition of good order and cleanliness that reduces the probability of transmission of
 38 disease.
- 39 (3) Maintaining the owner's property in a manner that is offensive, annoying, or dangerous
 40 to the public health, safety, or welfare of the community because of the number, type,
 41 variety, density or location of the animals on the property.

Ord. No. 2025-13

- 1 (4) Maintaining an animal that is diseased and dangerous to the public health.
- 2 (5) Domestic animal owners shall clean up feces left on private or public property that is
- 3 not owned by the owner.
- 4 (6) Allowing animals to turn over garbage containers or remove garbage from them.
- 5 (7) Allowing animals to damage gardens, foliage, or other real property.
- 6 (8) Maintaining an animal that chases, snaps at, attacks or otherwise molests pedestrians,
- 7 bicyclists, motor vehicles, livestock, or domestic animals off the property of the owner.
- 8 (9) Owners of the animal may be issued one warning for an animal nuisance violation per
- 9 calendar year. Any subsequent instances will be subject to a uniform citation and the
- 10 applicable fees.
- 11 (10) It shall be unlawful for any owner, keeper, or harbinger of any animal to permit the
- 12 animal to be at large.
- 13 (b) Property owners have the right to prohibit domestic animals from being present on their
- 14 property. If any domestic animal is on a citizen's property and the mere presence of the
- 15 domestic animal is a nuisance, then the property owner may take the following steps to keep
- 16 animals off their property:
- 17 (1) Fill out a complaint form provided by the animal ~~services~~-resource center stating that
- 18 there is a domestic animal on their property that is creating a nuisance by its mere
- 19 presence.
- 20 (2) The complainants must identify themselves as the complainants and identify the name
- 21 and address of the owner of the domestic animal that is creating a nuisance.
- 22 (3) The complaint will be mailed certified receipt or hand delivered by an animal services
- 23 enforcement officer to the owner of the domestic animal creating the nuisance.
- 24 (4) After the owner of the domestic animal receives the complaint, they have 24 hours to
- 25 ensure that the identified domestic animal in the complaint is not present on the
- 26 complainant's property.
- 27 (5) If the identified domestic animal in the complaint is thereafter found to be present on
- 28 the complainant's property, the owner of the domestic animal will be in violation of
- 29 this chapter.
- 30 (c) It is a violation of this ordinance for a person to engage in activities bringing them within
- 31 the definition of a backyard breeder, as defined in Section 6-1 herein.
- 32 Note: This measure is to give property owners the right to identify specific domestic
- 33 animals that are creating a nuisance. This does not bind the county to keep all animals off any
- 34 property. The animal services department will not take complaints from complainants requesting
- 35 that all domestic animals be kept off their property.

1 **Sec. 6-115. Cat colonies.**

2 ~~(a) Cat colonies should be registered with the animal services.~~

3 ~~(a)~~ Each colony must have a contact person.

4 ~~(b)~~ Each colony must have permission from the property owner to house the colony on the
5 premises.

6 ~~(c)~~ Each cat colony contact person will be required to maintain a current and up-to-date log of
7 vaccines and records of all cats in the colony.

8
9 **Secs. 6-116. Community Cat Management Program**

10
11 Burke County acknowledges the need to address the permanent presence of community cats
12 living in an outdoor environment, independent of human intervention. Management programs to
13 reduce the uncontrolled reproduction of community cats shall be implemented by the animal
14 services director to provide for the sterilization and return-to-field of all healthy community cats
15 entering the county shelter.

16
17 (a) All community cats entering the county shelter shall be counted toward intake
18 statistics and, upon return-to-field, shall be counted as a live-release statistic.

19
20 (b) All community cats entering the county shelter shall be examined for
21 temperament to evaluate their candidacy for including in the adoption program.

22
23 (c) Animal services will attempt to rehabilitate kittens of community cats that are
24 moderately tame for inclusion into the adoption program.

25
26 Community cats shall be held for the mandatory holding period established by the state and then
27 sterilized, ear-tipped, vaccinated, and returned to the original point of pick-up by an animal
28 services staff member or released to an approved rescue group. However, any community cat
29 determined to be a nuisance by the department shall be relocated to an alternate suitable outdoor
30 location.

31
32 **Secs. 6-117. Animal(s) creating nuisance prohibited from running at large.**

33
34 (a) It shall be unlawful for any owner to permit an animal to run at large so as to create a
35 public nuisance.

36
37 (b) For the purpose of this section, public nuisance includes, but is not limited to, the
38 following:

39
40 1) Animals that habitually or repeatedly disturb, interfere with, or annoy human
41 beings while not in the mode of attack;
42

Ord. No. 2025-13

3) In the case of a female animal, ones that are not confined in a secure enclosure during estrus; or

4) Dogs that are found to be without restraint, off their owner's property, on a public highway, street, roadway, or sidewalk.

(d) After a containment order notice has been issued to a person, the animal services director, upon finding evidence to support a subsequent violation of this section, including failure to abide by the containment order notice, may issue the owner or keeper a citation with fines and civil penalties as follows:

1) For the first subsequent violation, a fine of one hundred dollars (\$100.00) and a civil penalty of one hundred dollars (\$100.00);

2) For the second subsequent violation, and any subsequent violation of this section, a fine of two hundred dollars (\$200.00) and a civil penalty of two hundred dollars (\$200.00).

Notwithstanding subsection (2) above, if the nuisance animal is not spayed or neutered, as the case may be, the fines and civil penalties for the second subsequent violation and any subsequent violations shall both be increased to five hundred dollars (\$500.00). Once an animal is spayed or neutered, all fines and civil penalties levied in excess of two hundred dollars (\$200.00) per fine or civil penalty shall be considered waived.

CM - APPOINTMENTS TO THE DANGEROUS DOG APPEAL BOARD

Brian Epley, County Manager, noted that the Board of Commissioners needs to reappoint members to a board that has been inactive for several years due to expired terms and the passing of a member. He also explained that the ordinance and statute require one (1) member to be a veterinarian; however, a veterinarian has not yet applied. The remaining applicants have submitted applications and are willing to serve in the available seats with staggered terms to reestablish the board. If approved, the board will likely hold a hearing within the next 60 days.

Seat No.	Criteria	Applicant's Name	Proposed Term – 3-Year Staggard
1	At-Large	Gwen Stephens	12-15-2028
2	At-Large	David Draughn	12-15-2027

4	At-Large	John Wilson	12-15-2028
5	Veterinarian	To Be Determined	12-15-2027

Chairman Brittain opened the floor for questions or comments. Mr. Epley responded to a clarifying question from the Chairman. There being nothing further, Chairman Brittain called for a motion.

Motion: To approve the membership and terms of the Dangerous Dog Appeals Board as presented. Further, express appreciation to the former members of the Dangerous Dog Appeal Board for their service to the community.

RESULT:	APPROVED [UNANIMOUS]
MOVER:	Brian Barrier, Commissioner
AYES:	Jeff Brittain, Phil Smith, Brian Barrier, Randy Burns, and Mike Stroud

Note: The appellant subsequently withdrew the appeal; therefore, the hearing was not conducted.

REPORTS AND COMMENTS

Chairman Brittain opened the floor for reports and comments from Board members and professional staff. Professional staff and the entire Board each wished everyone a Merry Christmas. Commissioner Stroud also expressed enthusiasm about the direction of the Board, noting that the Commissioners are working together and are committed to improving customer service. Commissioner Burns reported that he attended the retirement recognition for Chief Robin Triplett, who was honored for 45 years of service, and stated he was honored to attend. He also announced that he was recently elected Chairman of the Policy Board for the Western Piedmont Council of Governments.

Chairman Brittain issued several reminders for upcoming county office closures, BOC meetings, and invited youth groups interested in leading the Pledge of Allegiance at Board meetings to sign up on the county website. Further, he encouraged citizens to spay or neuter pets, adopt or foster from Burke County Animal Services, secure their loads when visiting convenience centers or the

landfill, avoid littering, and report littered areas through the Community Beautification tab on the county's website.

RESULT: NO ACTION TAKEN.
